Introduction

Falcon Hydraulics, founded by Amit and Ity Sumra, addresses a critical market gap by providing high-quality hydraulic hoses and fittings at reasonable prices, with lead times reduced to one week. Established in 2015 and based in Dubai, our strategic location minimizes transportation times. We offer three distinct brands catering to various customer needs, ensuring reliable and cost-effective solutions. Our core strengths in Engineering and R&D leverage cutting-edge technology to provide innovative products. With limited dealers per country and sector-specific pricing, we minimize competition and enhance customer satisfaction. We aim to forge strong, long-lasting relationships and deliver top-tier hydraulic solutions swiftly and efficiently.
